Subject: RE: Draft Response to Powertech Letter on DB - cc list

Hi Douglas,
The letter looks good to me.

Here are the ccs for NRC:
Bill Von Till, Chief
Uranium Recovery Licensing Branch
Decommissioning and Uranium Recovery Licensing Directorate
Division of Waste Management and Environmental Protection
Federal and State Materials and Environmental Management Programs
United States Nuclear Regulatory Commission
Washington D.C 20555-0001

Kevin Hsueh, Chief
Environmental Review Branch
Environmental Protection and Performance Assessment Directorate
Division of Waste Management and Environmental Protection
Federal and State Materials and Environmental Management Programs
United States Nuclear Regulatory Commission
Washington D.C 20555-0001

As for DENR, since the letter is being signed by Sadie, I would guess the ccs should go to the program Administrators:

Bill Markley, Administrator
Ground Water Quality Program

South Dakota Department of Environment and Natural Resources
Joe Foss Building
523 E Capitol Ave
Pierre SD 57501

Bob Townsend, Administrator
Minerals and Mining Program
South Dakota Department of Environment and Natural Resources
Joe Foss Building
523 E Capitol Ave
Pierre SD 57501

The alternatives would be Tom Brandner for the Groundwater Quality and Mike Cepak for Mining and Minerals. I would need to get titles for them. It is not clear from the website what their titles are.
